

# Deliver Your First SAP Fiori Launchpad Site

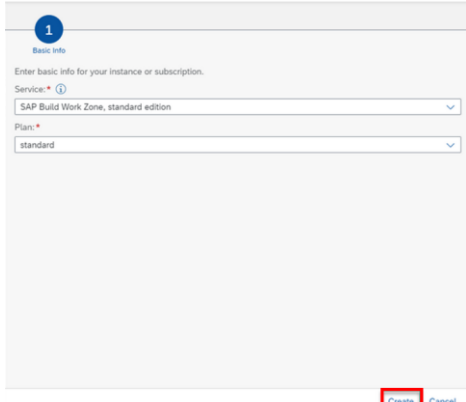

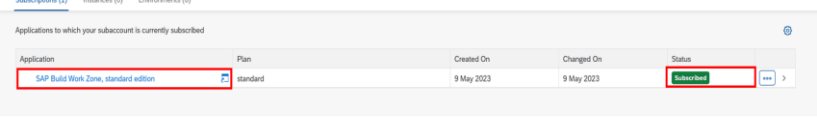

Create and design an SAP Fiori Launchpad site, and then add apps to the site.

## Set Up SAP Build Work Zone, standard edition Using a Trial Account

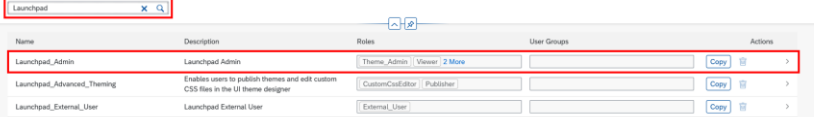

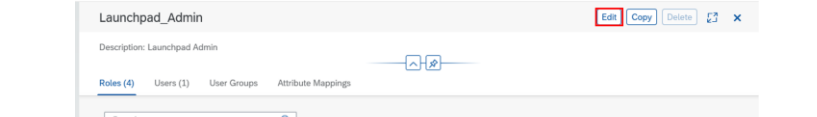

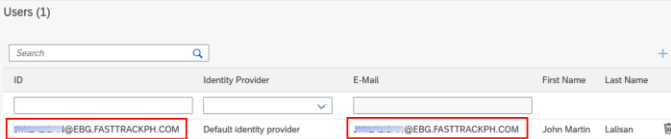

To get started with building a site in SAP Build Work Zone, standard edition, you must perform the required onboarding steps.

### Subscribe to SAP Build Work Zone, standard edition

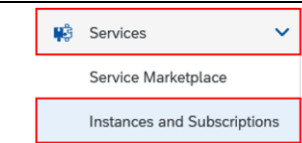

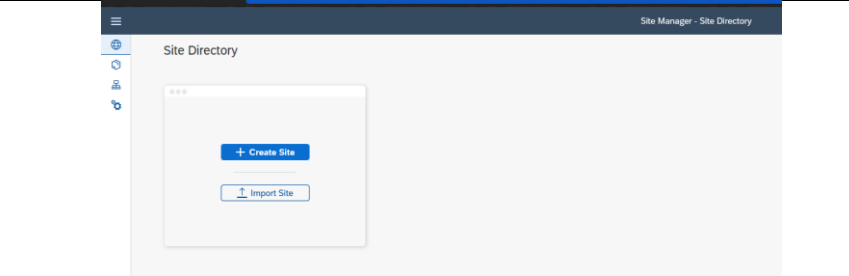

<p>Log onto SAP BTP and click</p> <p>Click <b>Go To Your Trial Account</b>.</p>	
<p>Click <b>Continue</b></p>	
<p>Click on your desired <b>Subaccount</b> on the subaccounts section</p>	
<p>Click on <b>Services</b></p> <p>Select <b>Service Marketplace</b></p>	
<p>On Data and Analytics</p> <p>Select SAP Build Work Zone, standard edition</p>	

Click the <b>Application Plans</b> tab	
Select the Action Button (...) and Click <b>Create</b>	
In the New Instance or Subscription dialog box that opens, leave the basic information that appears there  click <b>Create</b>	
From the <b>Instances and Subscriptions</b> screen, you'll see that you are subscribed to <b>SAP Build Work Zone, standard edition</b> .	

## Add yourself to the Launchpad\_Admin Role

From side menu, Click <b>Security</b>	
Select <b>Role Collections</b>	
Search for <b>Launchpad</b>	
Click the <b>Launchpad_Admin</b>	
Click on <b>Edit</b>	
Under the Users tab, enter your email in both the <b>ID</b> and the <b>E-Mail</b> fields. Then click <b>Save</b> .	

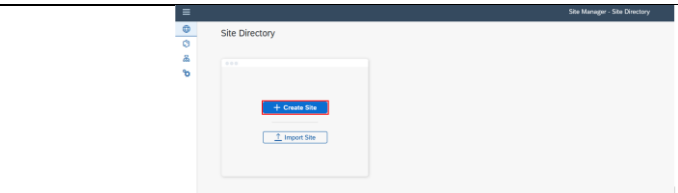

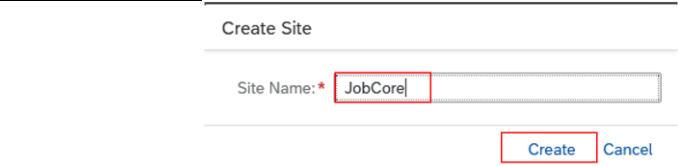

## Access SAP Build Work Zone, standard edition

From the side panel, click <b>Instances</b> and <b>Subscriptions</b> .		Subaccount: Technical Bureau - Instances and Sub All: 5
Select the Action Button (...) Click <b>Go to Application</b>		
The <b>Site Directory</b> opens. This is where you'll create and manage your sites.		

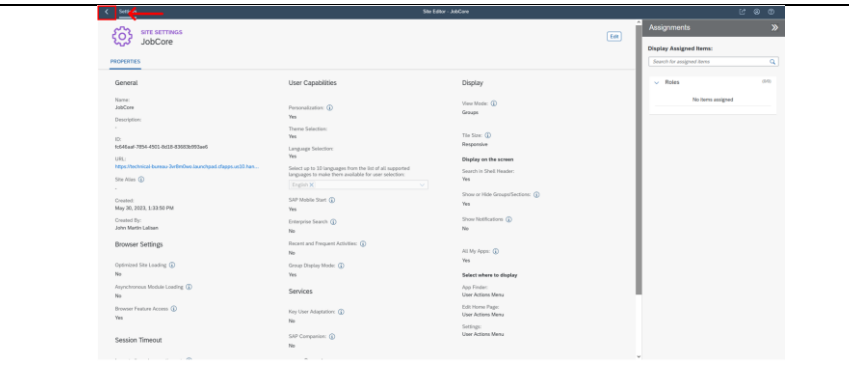

## Create a Site Using SAP Build Work Zone, standard edition

Create a site to which you can later add business apps.

### Create a Site

Click <b>Create Site</b>		
Enter Site Name: <b>JobCore</b>  Click <b>Create</b>		

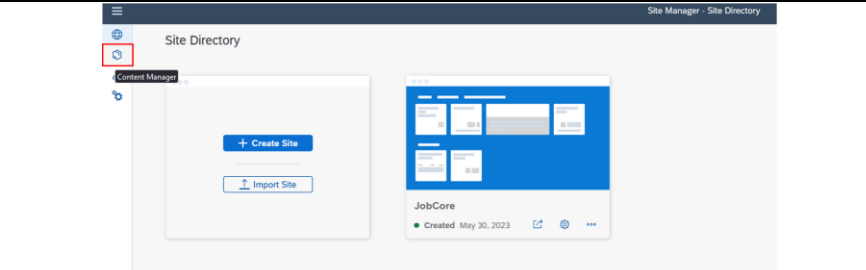

### Navigate to the Site Directory

When you create a site, you are directed to the <b>Site Settings</b> screen where you can edit the site settings and assign a site to a specific user role.		
Navigate back to the <b>Site Directory</b> to view the site tile.		

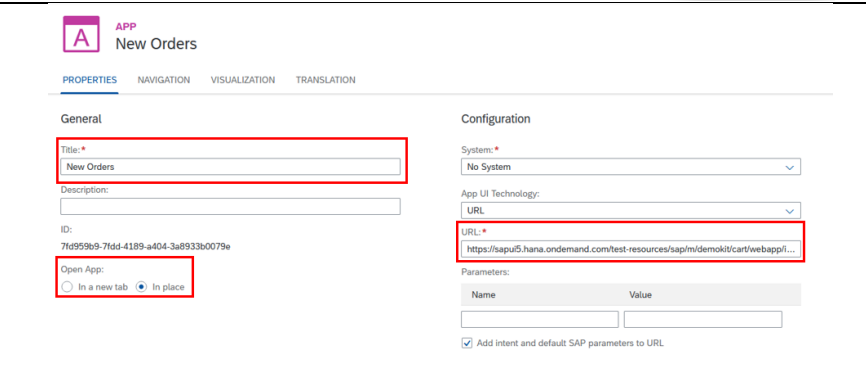

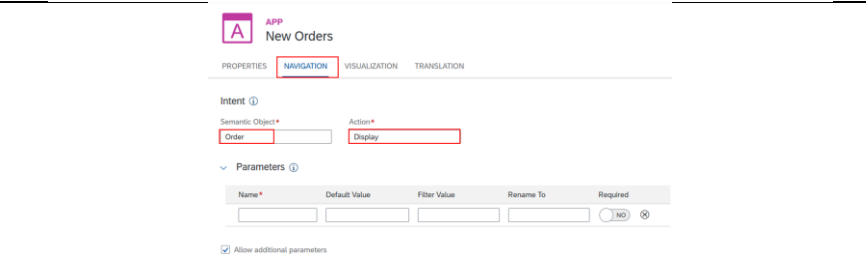

## Add a SAPUI5 App to Your Site

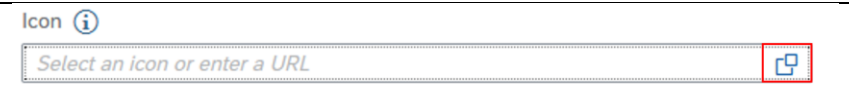

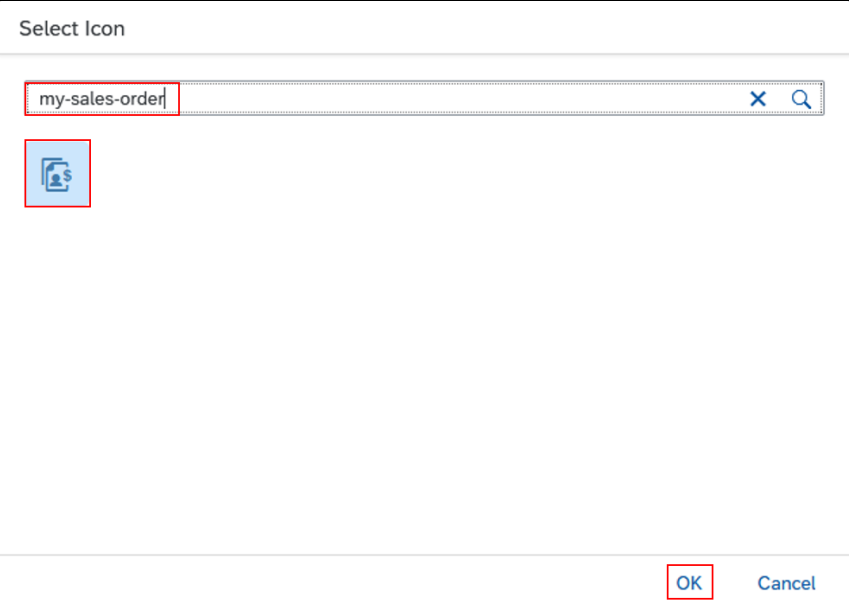

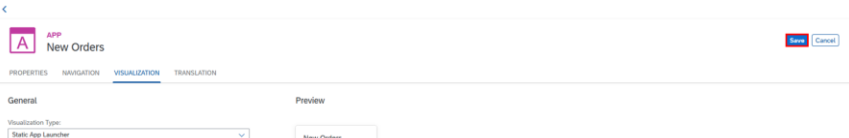

Add an existing SAPUI5 app to a site in the SAP Build Work Zone, standard edition.

### Open Content Manager

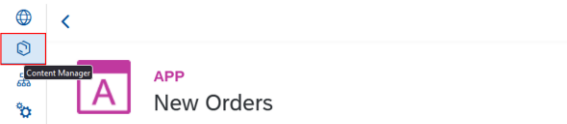

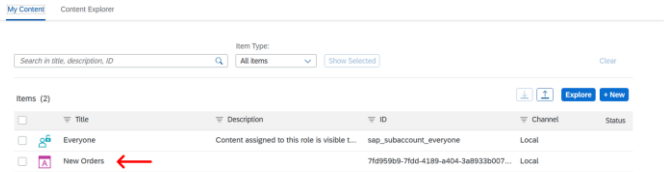

<p>Click the <b>Content Manager</b> icon in the side panel to open the <b>Content Manager</b>.</p>	
--	--

### Create and Configure New App

<p>Click on <b>+ New</b></p> <p>Select <b>App</b></p>	
<p>Enter the following values:</p> <p>Title: <b>New Orders</b></p> <p>Open App: <b>In Place</b></p> <p>URL: <a href="https://sapui5.hana.ondemand.com/test-resources/sap/m/demokit/cart/webapp/index.html">https://sapui5.hana.ondemand.com/test-resources/sap/m/demokit/cart/webapp/index.html</a></p>	
<p>Click the <b>NAVIGATION</b> tab</p> <p>Enter the following values:</p> <p>Semantic Object: <b>Order</b></p> <p>Action: <b>Display</b></p>	
<p>Click the <b>VISUALIZATION</b> tab.</p> <p>Enter the following values:</p> <p>Subtitle: <b>Shopping Cart</b></p> <p>Information: <b>Order Now!</b></p>	

Click on the <b>Icon</b>	
Search for <b>my-sales-order</b>  Click <b>OK</b>	
Click <b>Save</b>	

## View the App that you Created

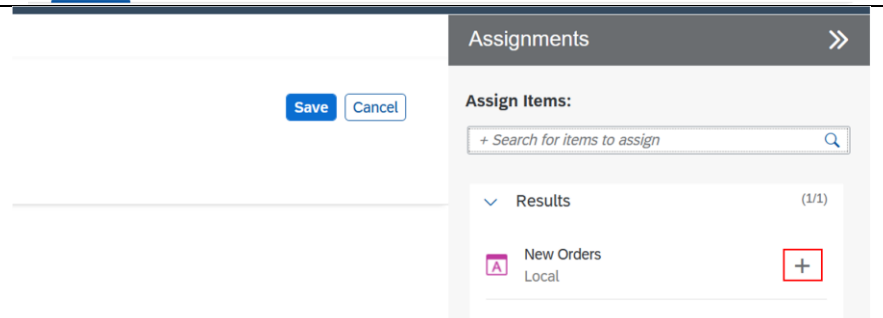

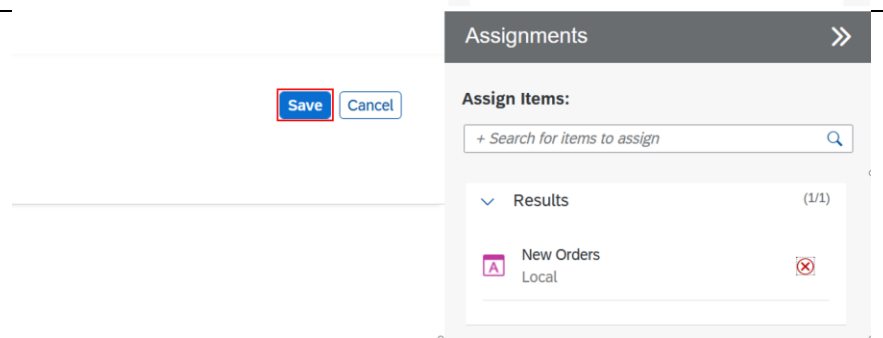

Click the <b>Content Manager icon</b> in the left side panel to navigate back to the Content Manager.	 <p>The screenshot shows the SAP Fiori launchpad interface. In the left navigation pane, the 'Content Manager' icon (a blue square with a white 'C' and a magnifying glass) is highlighted with a red box. The main area displays the 'APP New Orders' header and a tabbed interface with 'PROPERTIES', 'NAVIGATION', 'VISUALIZATION', and 'TRANSLATION' tabs. The 'VISUALIZATION' tab is currently selected.</p>																		
You can see your app in the list of content items:	 <p>The screenshot shows the SAP Content Explorer interface. At the top, there is a search bar with the text 'Search in title, description, ID' and a magnifying glass icon. To the right of the search bar are two dropdown menus: 'Item Type:' with 'All Items' selected, and 'Show Selected'. Below the search bar, there is a table with the following columns: 'Items (2)', 'Title', 'Description', 'ID', 'Channel', and 'Status'. The table contains two rows: one for 'Everyone' and one for 'New Orders'. The 'New Orders' row is highlighted with a red arrow pointing to it.</p> <table border="1"><thead><tr><th>Items (2)</th><th>Title</th><th>Description</th><th>ID</th><th>Channel</th><th>Status</th></tr></thead><tbody><tr><td><input type="checkbox"/></td><td>Everyone</td><td>Content assigned to this role is visible t...</td><td>sap_subaccount_everyone</td><td>Local</td><td></td></tr><tr><td><input type="checkbox"/></td><td>New Orders</td><td></td><td>71d959b9-7fdd-4189-a404-3a8933b007...</td><td>Local</td><td></td></tr></tbody></table>	Items (2)	Title	Description	ID	Channel	Status	<input type="checkbox"/>	Everyone	Content assigned to this role is visible t...	sap_subaccount_everyone	Local		<input type="checkbox"/>	New Orders		71d959b9-7fdd-4189-a404-3a8933b007...	Local	
Items (2)	Title	Description	ID	Channel	Status														
<input type="checkbox"/>	Everyone	Content assigned to this role is visible t...	sap_subaccount_everyone	Local															
<input type="checkbox"/>	New Orders		71d959b9-7fdd-4189-a404-3a8933b007...	Local															

## Assign the App for Everyone Role

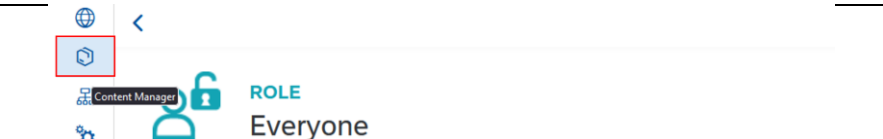

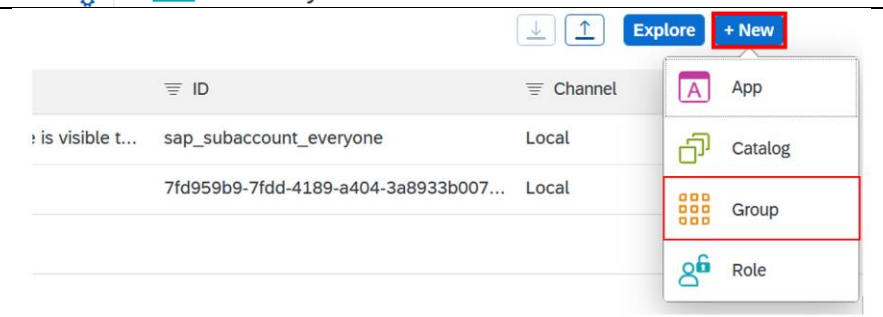

Click **Everyone** role

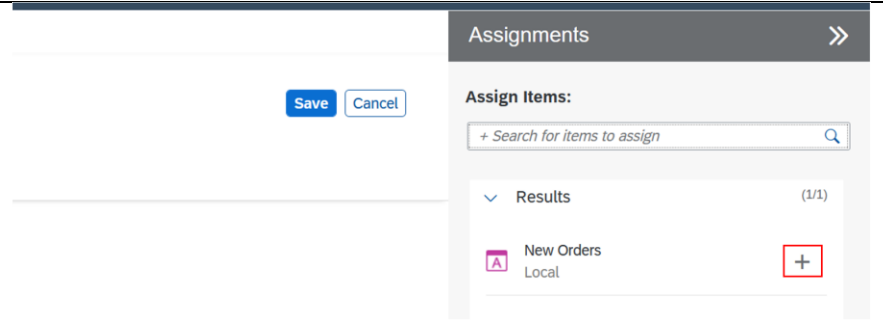

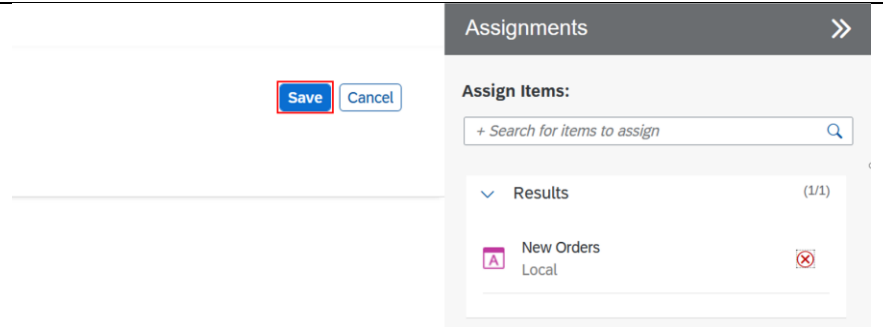

Items (2)

<input type="checkbox"/>	Title	Description	ID	Channel	Status
<input type="checkbox"/>	 Everyone	Content assigned to this role is visible t...	sap_subaccount_everyone	Local	
<input type="checkbox"/>	 New Orders		71d959b9-7fdd-4189-a404-3a8933b007...	Local	

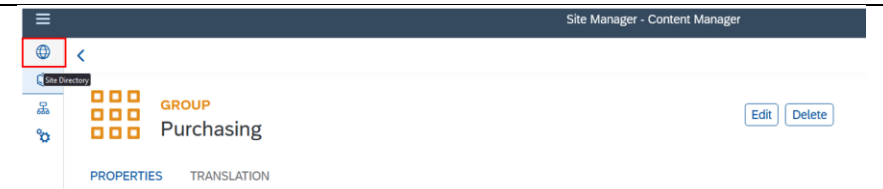

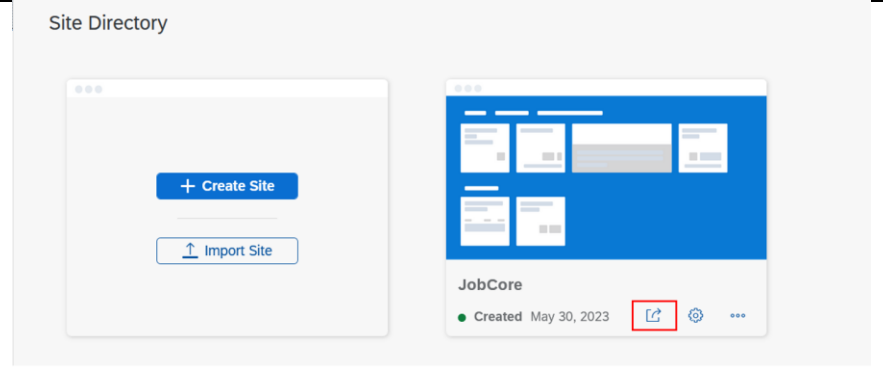

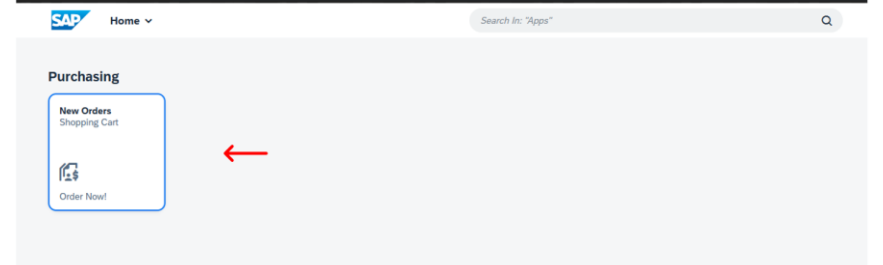

Click <b>Edit</b>	
Click the search box in the <b>Assignments</b> panel on the right.  In the Results list, click the <b>+</b> icon next to the <b>New Orders</b> app to assign this role to your app.	
Click <b>Save</b>	

### Create Group and Assign the App to it

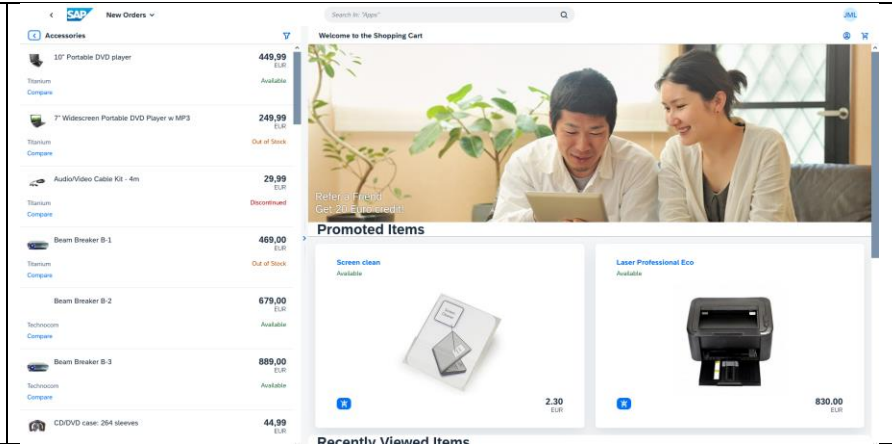

Click the <b>Content Manager</b> icon to navigate back to the Content Manager.	
Click <b>+ New</b>	
Put title as <b>Purchasing</b>	

<p>Assignments panel,</p> <p>click inside the <b>search box</b> on the right of the screen, to show all available apps. You should see <b>New Orders</b></p> <p>Click <b>+</b></p>	
<p>Click <b>Save</b></p>	

## Review the Site

<p>Click the <b>Site Directory icon</b> in the left panel to open the Site Directory.</p>	
<p>On the <b>JobCore</b> tile</p> <p>Click <b>Go to Site</b> icon</p>	
<p>The site should look like this</p>	

If you click the **New Orders** tile it should look like this

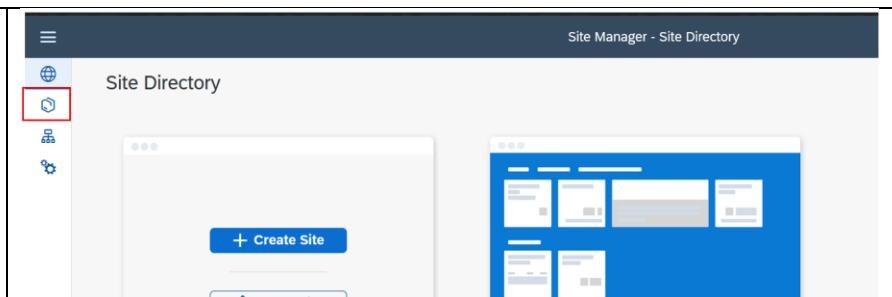

## Add a URL App to Your Site

Create a URL app and add it to your site.

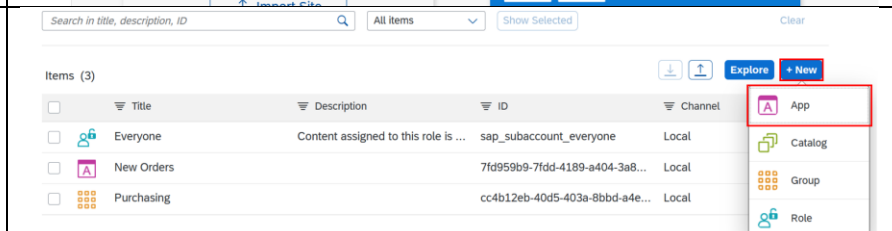

### Create and Configure New App

Click on **Content Manager** Icon

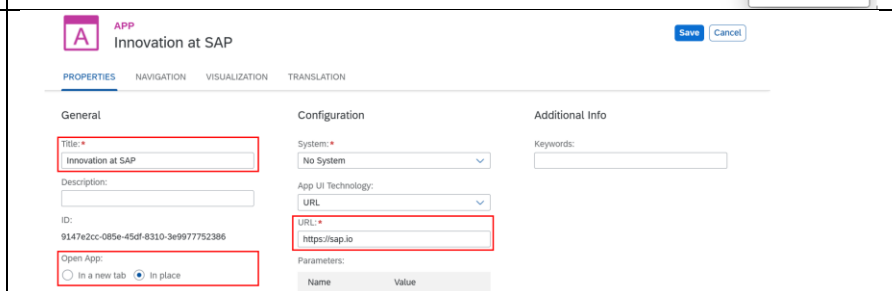

Click on **+ New**

Select **App**

Enter the following values:

Title: **Innovation at SAP**  
Open App: **In-place**  
URL: **https://sap.io**

Click on **NAVIGATION**

Enter the following values:

Semantic Object:  
**Innovation**  
Action: **Display**

The screenshot shows the 'NAVIGATION' tab of the 'Innovation at SAP' app configuration. The 'Intent' section has 'Semantic Object' set to 'Innovation' and 'Action' set to 'Display'. Below, the 'Parameters' section is expanded, showing a table with columns: Name, Default Value, Filter Value, Rename To, and Required. The 'Required' column has a radio button set to 'NO'. A checkbox 'Allow additional parameters' is checked. At the top right, there are 'Save' and 'Cancel' buttons.

Click on **VISUALIZATION**

Enter the following values:  
Subtitle: **SAP.iO Program**  
Information: **Learn About SAP.iO**

The screenshot shows the 'VISUALIZATION' tab. The 'General' section has 'Visualization Type' set to 'Static App Launcher', 'Size' set to '1x1', 'Title' set to 'Innovation at SAP', 'Subtitle' set to 'SAP.iO Program', and 'Information' set to 'Learn about SAP.iO'. A 'Preview' pane on the right shows a card with the title 'Innovation at SAP SAP.iO Program' and the text 'Learn about SAP.iO'. At the top, there are tabs for 'PROPERTIES', 'NAVIGATION', 'VISUALIZATION', and 'TRANSLATION'. The 'VISUALIZATION' tab is selected.

Click on the **Icon**

The screenshot shows the 'Icon' selection dialog. It has a title bar with an information icon. Below the title bar is a text input field with the placeholder text 'Select an icon or enter a URL'. To the right of the input field is a button with a square icon.

Search **visits**

Click the **Icon** from results

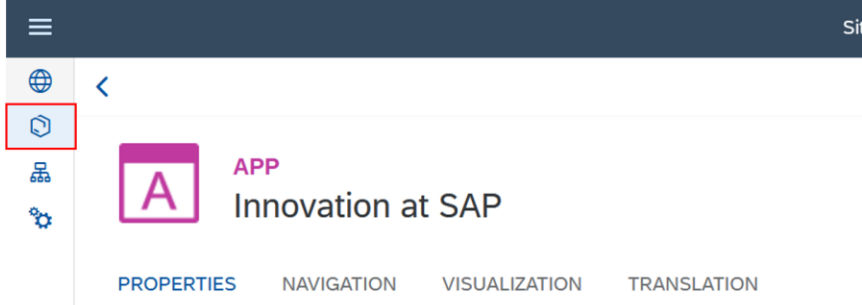

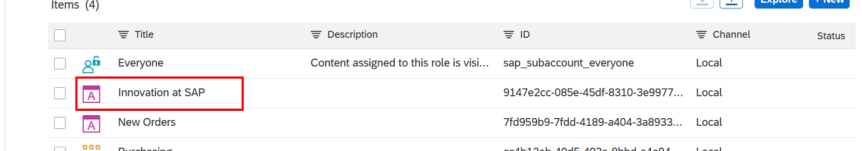

Click **Ok**

The screenshot shows the 'Select Icon' dialog. It has a title bar with a back arrow. Below the title bar is a search input field with the text 'visits'. To the right of the input field are 'x' and 'q' icons. Below the input field is a list of icons. The first icon, which is a blue square with a white person icon, is selected. At the bottom right, there are 'OK' and 'Cancel' buttons.

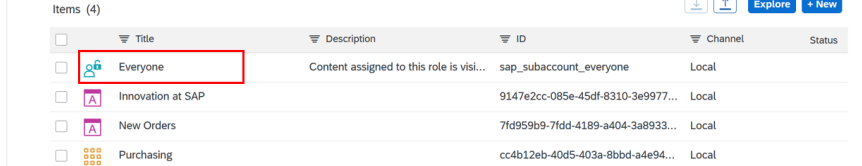

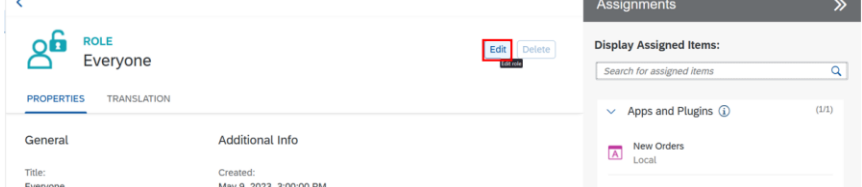

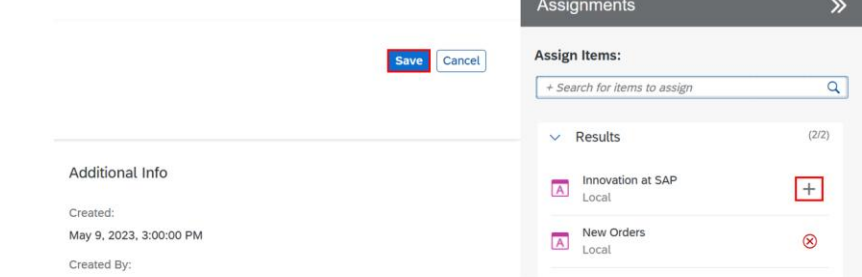

Click **Save**

The screenshot shows the 'VISUALIZATION' tab of the 'Innovation at SAP' app configuration. The 'General' section has 'Visualization Type' set to 'Static App Launcher', 'Size' set to '1x1', 'Title' set to 'Innovation at SAP', 'Subtitle' set to 'SAP.iO Program', and 'Information' set to 'Learn about SAP.iO'. A 'Preview' pane on the right shows a card with the title 'Innovation at SAP SAP.iO Program' and the text 'Learn about SAP.iO'. At the top, there are tabs for 'PROPERTIES', 'NAVIGATION', 'VISUALIZATION', and 'TRANSLATION'. The 'VISUALIZATION' tab is selected. At the top right, there are 'Save' and 'Cancel' buttons.

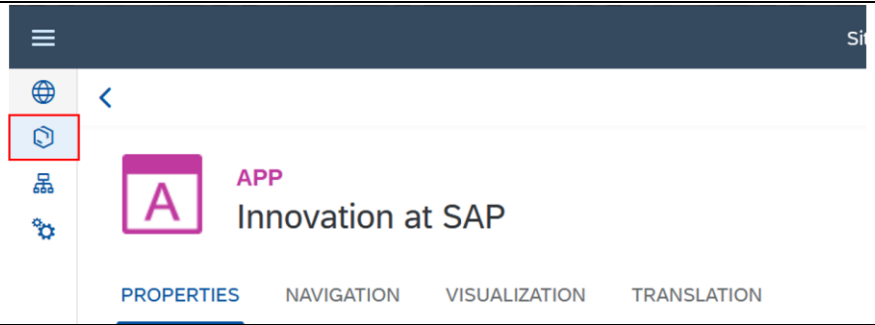

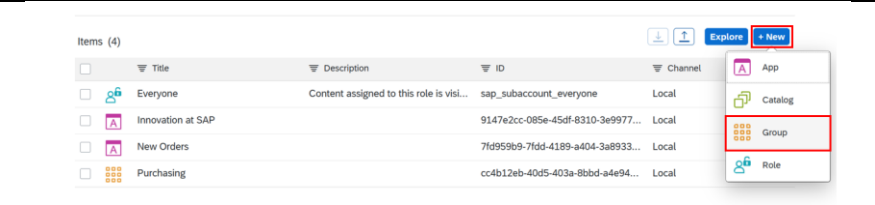

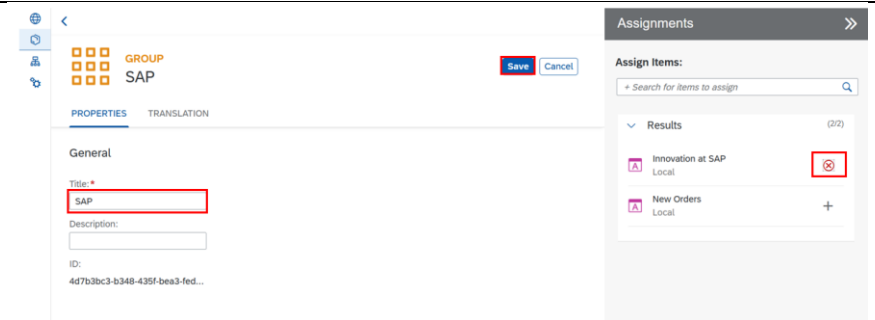

## View the App that you Created

<p>Click the <b>Content Manager icon</b> in the left side panel to open the Content Manager.</p>																															
<p>Your app should appear here</p>	 <table border="1"> <thead> <tr> <th></th> <th>Title</th> <th>Description</th> <th>ID</th> <th>Channel</th> <th>Status</th> </tr> </thead> <tbody> <tr> <td><input type="checkbox"/></td> <td>Everyone</td> <td>Content assigned to this role is visi...</td> <td>sap_subaccount_everyone</td> <td>Local</td> <td></td> </tr> <tr> <td><input type="checkbox"/></td> <td>Innovation at SAP</td> <td></td> <td>9147e2cc-085e-45df-8310-3e9977...</td> <td>Local</td> <td></td> </tr> <tr> <td><input type="checkbox"/></td> <td>New Orders</td> <td></td> <td>7fd959b9-7fdd-4189-a404-3a8933...</td> <td>Local</td> <td></td> </tr> <tr> <td><input type="checkbox"/></td> <td>Purchasing</td> <td></td> <td>cc4b12eb-40d5-403a-8bbd-a4e94...</td> <td>Local</td> <td></td> </tr> </tbody> </table>		Title	Description	ID	Channel	Status	<input type="checkbox"/>	Everyone	Content assigned to this role is visi...	sap_subaccount_everyone	Local		<input type="checkbox"/>	Innovation at SAP		9147e2cc-085e-45df-8310-3e9977... ## Test the App

1	You can use the navigation icons on the bottom the move between the Start and the Apps screen. The Start screen offers an overview for quick access to your most used apps. The Apps screen lists all the Groups and Apps available.	
2	Both screens the Start & Apps screen have the notification icon and the user (settings) icon. Use them to access the notification section or the Profile and Settings page.	
3	Within the Application screen you can use the search bar to find specific applications.	
4	You can click on app tiles to open your application of choice.	
5	From the profile and settings you can choose <b>Sign Out</b> to return to the initial onboarding screen, in case you want to connect to a different site.
